CAREER OBJECTIVE

Motivated and passionate Computer Science and Engineering student currently in the third year, with strong logical thinking and problem-solving abilities. I am eager to apply my technical knowledge, analytical mindset, and ability to leverage AI tools effectively to solve real-world problems and build innovative solutions. I am a quick learner who adapts to new technologies and challenges with dedication and confidence. Seeking an opportunity where I can contribute my skills, continue learning, and grow as a technology professional while adding value to the organization.

EDUCATION

B.E - Computer Science & Engineering (CSE)	
Dhaanish Ahmed College of Engineeirng , Chennai	2023 - 2027
• CGPA: 9.04	
Intermediate (MPC)	
Raos Junior College , Nellore	2021 - 2023
• CGPA : 9.0	

TECHNICAL SKILLS

Programming Languages	:	Python, Java(Basic)	:
Data Skills	:	Data Cleaning and Preprocessing, Data Analysis,Basic Machine Learning	
Tools	:	Power Bi , Git, GitHub, MS Office	
Design Tools	:	Canva, Microsoft PowerPoint	
Concepts	:	Logical Problem Solving, AI-assisted Development	

PROJECTS

VOGA — AI Product Recommendation System
Built an AI-powered e-commerce recommendation engine using TF-IDF Vectorization and Cosine Similarity on an Amazon fashion dataset (15,000+ products). Developed a Flask backend with scikit-learn, deployed on Render.com with a React-style frontend featuring 3D card animations and gender-aware filtering.
HealthConnect — AI-Powered Telemedicine App
Developed a cross-platform telemedicine app for rural healthcare using React Native (Expo). Integrated a Random Forest Classifier trained on 4,920 patient records across 41 diseases and 131 symptoms to power an intelligent symptom checker. Built a Flask REST API connecting the ML model to the mobile frontend.

ACHIEVEMENTS

- Awarded **Best Student of the Year** for **three consecutive years** in recognition of academic excellence and overall performance.
- Secured **Runner-up** position in **Serve-A-Thon 2025** for developing Health Connect, a prototype application to support rural communities in accessing healthcare services.
- Achieved **B2 Level** English Proficiency in **Aptis English Test**, demonstrating upper-intermediate skills in speaking, writing, reading, and listening.

COURSES & CERTIFICATIONS

Data Science & Analytics	-	HP Life	(2024)
Introduction to Data Science	-	Infosys	(2025)
Data Analytics Job Simulation	-	Deloitte	(2025)
Introduction to NumPy and Pandas	-	SkillUp	(2026)
